ABOUT US

DEIN MÜNCHEN is an award-winning non-profit organization that has been supporting, mentoring, and empowering children and young people from disadvantaged social and financial backgrounds since 2014.

We enable young people to shape their futures with confidence and responsibility, thereby creating real social impact.

WHAT DRIVES US

Far too many young people grow up feeling that they do not belong. They lack the connections, opportunities, and spaces to identify their perspectives and develop their own aspirations. Schools, families, and municipal institutions are reaching their limits.

This is exactly where we step in with DEIN MÜNCHEN. With our programs NO LIMITS! And LET'S GO! we provide holistic access to education, culture, and sports. We open up new paths and support young people over the long term. Our programs foster positive development at the key turning points in life. Our innovative approach creates real opportunities for the future.

JOIN US AS A PARTNER

We form strong alliances with partners in education, business, civil society, and politics to develop forward-looking concepts for a resilient, engaged urban community with equal opportunities for all.
Invest with us in our greatest social asset – the next generation, our young people.

Join DEIN MÜNCHEN and become part of our strong network of committed companies, foundations, and the City of Munich as our municipal partner.

13.216
young people who have participated in our programs and developed a sense of purpose since 2014.

100%
of school principals recommend our educational program.

50
former program participants actively contribute to our youth division YOUNG EXPERTS.
